

# IBM CLOUD SERVICES:

The screenshot displays the IBM Cloud dashboard interface. At the top, a navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Jenisha JF's Account). The main content area is titled "Dashboard" and features a "For you" section with several service tiles. These tiles include "Build" (a large blue tile), "Create a custom dashboard" (3 min), "Explore IBM Cloud Shell" (2 min), "Build cloud-native apps using IBM Cloud Object Storage" (10 min), and "Visit the catalog" (1 min). Each tile has a "Getting started" button. Below the "For you" section, there are three more tiles: "User access" (with a "Manage users" link), "News" (announcing IBM Cloud Pak for Network Automation Version 2.4, with a "View all" link), and "Planned maintenance" (with a "View all" link). A user profile menu is open on the right side, showing options like Profile, Log in to CLI and API, Privacy, Change theme, and Log out. The bottom of the screen shows a Windows taskbar with the search bar, task view button, and several application icons. The system tray on the right indicates the time is 22:35 on 02-11-2022, with weather and language settings.
